

Billabong Ranch

Billabong Ranch is a family business headed by Richard & Kerri Acquisto. Billabong Ranch is situated on 310 acres, 12 kms east of Echuca. Billabong Ranch provides a rural, farm setting for schools, families, groups & holiday camps.

The Ranch was purchased in May, 1998 & has progressively changed from a grazing farm into an establishment that prides itself on a variety of adventure & educational activities for all ages. Our vision was to provide these activities for schools, teachers & other groups to utilise for team & social interaction.

Our staff are heavily involved & help supervise most activities, which is greatly appreciated by teachers & other group supervisors. All of our groups have an itinerary tailored to their individual needs. Our onsite chef ensures meals are of a high standard & meticulously prepared.

Our accommodation is made up of 2 main buildings a number of cabins. Rooms vary in size from 4 through to 12 beds. The main dining hall seats up to 130 people. The hall area has spacious verandahs & overlooks our bush chapel.

Billabong Ranch adheres to & follows all local council requirements. For each activity that is undertaken, Billabong Ranch recognises industry standards. Eg. Adventure activity standards, AHSE & AHIC for horse riding & carriage driving & Parks Victoria Guidelines for riding in Parks areas.

Activities are focused on young people participating in fun activities, in a structured & supervised environment.

Billabong Ranch has an internal & an external review process.

We look forward to working with your group & hope you enjoy your time with us.
